

Sustainable Development Goals

Maple Leaf Foods' sustainability strategy is well aligned with the United Nations 17 Sustainable Development Goals (SDGs). The SDGs are an urgent call to action by the United Nations for social, environmental and economic progress globally by 2030. These goals provide a universal and visionary framework for all countries, governments, companies and individuals to proactively address global challenges and implement strategies to improve health and education, reduce inequality, encourage economic growth and tackle climate change.

Given the nature of our business, we have identified the following SDGs that Maple Leaf Foods has the greatest potential to contribute to:
