**~4,950  
Employees**

## Operation Highlights

### Animal Care

- Achieved conversion of 69,850 sow spaces (100%) to our Advanced Open Sow Housing system as of the end of 2021.
- Continued our freedom farrowing pilot in Green Valley Observation Barn to allow greater freedom of movement for sows in their maternity pens.
- Completed installation of environmental enrichments in all Maple Leaf Foods' sow, nursery and finisher barns as of the end of 2021 to promote play and natural behaviour.
- Implemented custom animal care video training modules for fresh pork plant team members.
- Continued our elimination of piglet castration in 2021 and transitioned five more of our sow barns.

### Environmental Initiatives

- Implemented a national LED lighting retrofit program in 2018 across Manitoba barns.
- Reduced natural gas consumption by 2.8M across our operations since 2014
- Since 2015, reduced water consumption by 160,000 m<sup>3</sup> across operations by completing various water reduction projects.
- Investing in two carbon offset projects located in Manitoba, St. Leon Wind Energy and St. Joseph Wind Energy.

### Community Support

- Since December 2016, The Maple Leaf Centre for Action on Food Security has committed over \$1,000,000 to two community projects in Manitoba.
- From 2017 to 2021, Maple Leaf Foods has donated \$175,000 to Food for Thought, a local breakfast program in Brandon, Manitoba.

**Manitoba total site operations also include 32 sow sites, 30 nursery sites and 130 finisher sites.**
