# **Operation Highlights**

#### **Animal Care**

- Developed broiler environmental enrichments for independent chicken producers to further enhance the expression of natural behaviour in chickens.
- Remote Video Auditing is used in our hatcheries and processing plant to enhance animal welfare.
- Best-in-class animal holding and controlled atmosphere stunning in our new London facility.
- We are among Canada's largest producer of Raised Without Antibiotics chicken.

### **Environmental Initiatives**

- 100% of products made at our new London fresh poultry facility come in a 100% recyclable, clear tray made with 96% post-consumer recycled content.
- Heritage has reduced its electricity intensity by 17% since 2014.
- Since 2016, our Heritage facility and our Courtney Park facility has reduced food loss and waste by 50% and 70%, respectively, resulting in a total reduction of over 6.5 million kg.
- Since 2015, our Walker facility has reduced solid waste intensity by 37%.

## **Community Support**

- Since December 2016, the Maple Leaf Centre for Food Security (the Centre) has committed \$7.1 million to community projects in Ontario, some of which have a national reach.
- In 2023, Maple Leaf Foods and the Centre donated \$250K to expand access to school food.
- Product donations in Ontario have totalled over \$8.1 million since
  2016 to charitable organizations and food banks across the province.
